HOW TO MAKE A

# Bostik Christmas Tree

## YOU'LL NEED:

- Printed Template
- A4 Coloured card:
  - Green x1 (3 triangles)
  - Yellow x1 (Star)
  - Brown x1 (Trunk)
  - Black x1 (Bucket)
  - Backing card (any colour)
- Scissors
- Bostik Glu Stik
- Bostik Glitter Glue
- Bostik Colour Blu-Tack

## STEP 1

Print the template and find a clean surface to work on. Make sure you have everything you need.

## STEP 2

Cut out the tree pieces loosely from the template. Glue the template pieces to the correct coloured paper using the Glu Stik. Cut around the template. Make small cuts along the bottom edge of each triangle as seen on template.

- 3 triangles – Green paper
- Star – Yellow Paper
- Trunk – Brown Paper
- Bucket – Black paper

## STEP 3

Bend up the edge with the small cuts on each triangle.

Place all the cut out pieces in the shape of the tree to see where it should be glued to the backing card.

Using the Glu Stik, start by gluing down the trunk, then bucket, tree bottom, tree middle, tree top and finally the star.
